# AIR TRAVEL

---

Prototype for mobile

---

# OBJECTIVES

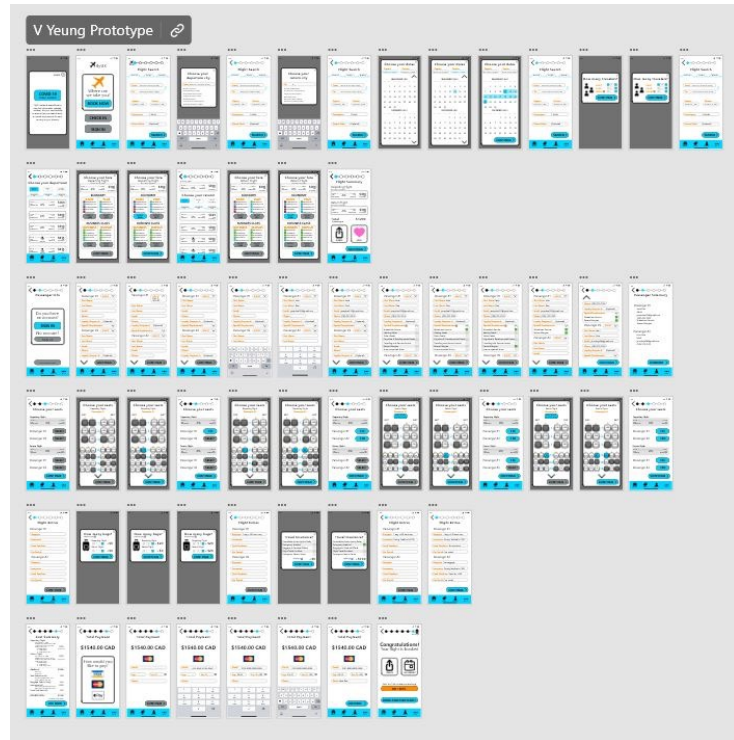

To expand and improve on the sketched screens and screen states.

To create a medium fidelity interactive digital prototype for users flowing through and completing the task of booking a flight.

The screenshot displays the 'Bon Voyage!' app interface. At the top, the status bar shows the time 9:41, signal strength, Wi-Fi, and battery icons. Below this is a navigation bar with a back arrow and five circular progress indicators, the last of which is highlighted in blue. To the right of the progress bar is a mobile phone icon and the text 'Bon Voyage!'. The main content area features a large 'Congratulations!' heading, followed by the text 'Your flight is booked'. Below this are two square buttons: 'SHARE' with an upward arrow icon, and '+ CALENDAR' with a calendar icon. Further down is the text 'Visit "My Trips" to see your bookings'. At the bottom of the main area are two large, rounded buttons: an orange 'MY TRIPS' button and a blue 'BOOK ANOTHER FLIGHT' button. The bottom navigation bar is blue and contains four icons: a house for 'Home', a tag for 'Deals', a person for 'Account', and three dots for 'More'.
